WE MAXIMIZE RESULTS FOR OUR CLIENTS

Morrow, Morrow, Ryan, Bassett & Haik is a personal injury law firm with a team of litigators who fight for justice on behalf of their clients and their families. The firm handles a wide variety of personal injury cases, including auto and trucking accidents, class actions and maritime injuries, as well as litigation involving deceptive, fraudulent and illegal marketing or sales practices. The firm's lawyers have 170 years of combined experience and are committed to obtaining successful results and fair compensation for every client.

The attorneys at MMRB&H prepare each case on its merits in anticipation of a trial, although the client ultimately decides whether to accept a settlement or take their case to court. The attorneys offer personalized attention to their clients and take the time to explain every legal option available. They understand the impact that emotional and financial stress can have on a personal injury victim, as well as the physical and mental impairment. Lawyers at the firm are dedicated to forming relationships built on trust during this difficult time in their client's lives.

This year, six of the firm's attorneys have been named to the Super Lawyer list and two are recognized to Rising Stars. MMRB&H enjoys giving back to their community through supporting charitable organizations, athletic teams and scholarship awards, as well as participating in legal associations.
